

**EQACC SOLAR**

# **1 2 kw solar inverter factory in Bolivia**

## Overview

---

What is a solar inverter Directory?

A global solar inverter directory with advanced filters that lets you review and compare inverters. Pictures, data sheets, PDFs and certifications are shown.

What is a 6kW off-grid solar inverter?

Fast and easy data checking. This 6kW off-grid solar inverter integrates an inverter, MPPT solar charger, and battery charger. 90VDC-500VDC PV voltage input range allows you to configure the system based on your needs. It enables parameter adjustment via LCD screen and can expand 12 units in parallel for higher power demand. .

What is a 10kW off grid solar inverter?

This 10kW off grid solar inverter integrates an inverter, MPPT solar charger, and battery charger. With 90VDC-280VDC PV voltage input range, it allows you to configure the system based on your needs. It enables parameter adjustment and charge priority mode setting via LCD screen and can expand 6 units in parallel for higher power demand.

How do I find the right PV inverter?

Solar installers, system integrators, and sellers can use our advanced technical filters to find the exact PV inverters that match their needs. We have collated inverter data from manufacturers from all around the world into a common template, allowing you to compare and review inverters easily. Plug-and-play design for easy installation.
