

## Overview

---

Is a solar inverter a good alternative to power holding company of Zambia?

In a country like Zambia where electricity supply is less than adequate and the weather doesn't help matters too, a solar inverter is more than necessary. It is not just a great alternative to the Power Holding Company of Zambia, it is actually a better and cheaper alternative considering the circumstances. Several factors are adduced for this.

Does Zambia have a power problem?

For decades, all efforts (sincere or otherwise) that have been channeled towards improving power generation in Zambia have proved abortive. In fact, many believe the situation has worsened over time. Presently, the average Zambian home does not get more than six hours of electricity from the DISCOs on a daily basis.
