

**EQACC SOLAR**

# **10kW Mobile Energy Storage Container for Rural Use**

**18650** 3.7V  
Li-ion  
RECHARGEABLE BATTERY

**2000mAh**

## Overview

---

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.

What is mobile energy storage?

Mobile energy storage provides a clean alternative to diesel generators for locations with no grid connection or only a weak one. Grid congestion creates increasingly long waiting times for companies who want to increase their grid connection. Mobile energy storage is the temporary solution to keep your business running.

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

## 10kW Mobile Energy Storage Container for Rural Use

---

### Mobile Energy Storage System

With a maximum energy storage capacity of 723 kWh, they meet diverse power demands across scenarios such as fixed facilities, construction sites, hospitals, EV charging ...
