14 watt solar panel

Overview

What is a 14 watt solar panel?

The 14 Watt Rollable Solar Panel is lightweight, durable and extremely portable. The solar panel is fully waterproof and constructed with marine grade connectors to provide a portable solar solution for any wet environment. Unmatched durability allows for use in even the harshest environments and a panel that works even after a portion is damaged.

Is the 14 Watt rollable solar panel waterproof?

. The 14 Watt Rollable Solar Panel is lightweight, durable and extremely portable. The solar panel is fully waterproof and constructed with marine grade connectors to provide a portable solar solution for any wet environment.

How big is a 14kw solar power system?

A 14kW system using 370W panels will require about 66.7 square meters of roof to be installed. Each 370W panel measures about 1.75m x 1m. 14kW solar power systems are mostly suitable for small businesses with low energy needs. This size of solar power system is classed as "Commercial".
