150-foot folding container order for construction site

Overview

Where can I buy shipping containers for construction?

Shipping containers for construction are available through Mobile Modular Portable Storage. Rent or buy these containers for easy, secure job site storage.

Can a shipping container office be used on a construction site?

Our shipping container offices can also be used on virtually any type of construction site, providing a secure, climate-controlled space for project managers to keep the road work, school construction, or design-build running on time.

What is shipping container home construction?

Shipping container home construction refers to the use of shipping containers as a building material for constructing homes. Architects and home contractors around the world are embracing this approach for its form, function, and eco-friendliness in the modular living movement.

What is included in a construction site container office?

Our construction site container offices feature HVAC units, lighting, and pre-stubbed phone and data lines as standard features. Pipe racks, shelving brackets, and plan tables can also be added to your office or storage space for convenience.
