# 15kW Liberian energy storage container used at drilling sites

## Overview

---

Can electric energy storage systems be used for drilling rigs?

The work to develop electric energy storage systems for drilling rigs has been underway worldwide for the last 5 years, however, mainly targeting isolated offshore rigs.

Which rigs have energy storage systems for onshore drilling?

The energy storage system developed for onshore drilling is among the world's first ones. As a foreign analog, only the project of the German rig manufacturer Bentec implemented in Oman can be highlighted. In 2017, the container-type 0.9 MW Bentec ESS with a storage capacity of 0.3 MW was put into trial operation on the KCA Deuteg T-94 rig.

How many GW will the Russian energy industry be able to produce?

According to various forecasts, will reach 50-100 GW, which equals USD 80 billion. Ov er (RES) (Zhdaneev 2020). The maximum capacity of the Rus 2019). mal, electrical, and chemical (Andrey etal. 2020). Accord ing to the technology development report (Andrey etal. of production after pumped- storage units. ESS installed for industry.

## 15kW Liberian energy storage container used at drilling sites

### Top Energy Storage Solutions in Liberia Finding the Best Container ...

Why Liberia Needs Reliable Energy Storage Containers Liberia's energy landscape faces unique challenges - frequent power outages, limited grid infrastructure, and growing demand for

...
