

EQACC SOLAR

20-foot photovoltaic container for wastewater treatment plants

Overview

Can solar PV be used in wastewater treatment plants?

Strazzabosco et al. assessed the status of solar PV in WWTPs of various sizes in California, USA, and determined the potential of solar PV in the wastewater industry . Colacicco et al. proposed a solar PV design method for WWTPs to optimize the energy consumption of oxidation tanks in WWTPs .

What is the PV potential of a wastewater treatment plant (WWTP)?

The PV potential of a WWTP is correlated with its planned wastewater treatment capacity. The number of wastewater treatment plants (WWTPs) in China is fast growing as the country's urbanization accelerates. WWTPs, part of the high-energy-consumption industry, must use a lot of energy in wastewater treatment.

What is a containerized wastewater treatment plant?

A containerized wastewater treatment plant is a wastewater treatment system that is fully integrated into a container. For uncomplicated and fast transportation, we use 10, 20 and 40-foot shipping containers in accordance with the international ISO standard for our KLARO container systems.

What is the PV potential of urban wastewater treatment plants in China?

The main conclusions of the study are as follows: The PV potential of China's urban WWTPs can reach 5.6 GW. The total PV potential of the 31 WWTPs with different wastewater treatment capacities in various provinces of China is 465 MW. The PV potential of a WWTP is highly positively correlated with its planned wastewater treatment capacity.

20-foot photovoltaic container for wastewater treatment plants

The mobile 20 ft (15m³) and 40 ft (30m³) wastewater ...

Modular extension These mobile wastewater treatment plants feature a modular extension and set-up concept. This allows for maximum flexibility when it comes to designing ...

[Get Price](#)

Contribution of solar photovoltaic to the decarbonization of wastewater

As the decarbonization of wastewater treatment plants (WWTPs) progresses, leveraging photovoltaic (PV) systems to reduce greenhouse gas (GHG) emissions has ...

Deye Official Store

10 years warranty

Solar container Mobil-Grid® 500+ solarfold

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

[Get Price](#)

Efficient
Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPPT trackers, 150% DC Input Overvoltage
- Max. PV Input Current 16A, Compatible with High Power Modules

Intelligent
Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

Flexible
Abundant Configuration

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead acid and Lithium Batteries
- Max. 6 Units Inverters Parallel
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation

Solar container Mobil-Grid® 500+ solarfold

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant The strong points ...
