2000w solar inverter for sale in Sydney

Overview

Where can I buy solar inverters in Australia?

At Sparky Direct, we provide high-quality solar inverters at competitive prices. Shop with confidence at Australia's leading online electrical wholesaler, supported by exceptional customer service and fast delivery. Switch to solar power confidently and move towards a sustainable future with our reliable solar inverters.

What is a 2000 watt inverter?

See their 2000W most popular model. Inverters with 1001-2000W capacity are ideal for energizing medium to large devices and appliances. They strike an excellent equilibrium between power efficiency, dependability, and cost-effectiveness.

What can a 2000W inverter run?

A 2000W inverter is a versatile power solution, capable of running a broad range of medium to large electrical devices. This can include kitchen appliances like most microwave ovens or small refrigerators, power tools such as small drill machines and circular saws, and entertainment systems including TVs and gaming consoles.

Can a 100Ah battery power a 2000W inverter?

Conversely, some 100Ah lithium batteries (Enerdrive, Invicta) can power a 1000W inverter and some 200Ah lithium batteries (Enerdrive) will power a 2000W inverter. The great advantage of the power inverter is its ability to surge to power output levels well in excess of its normal continuous ratings.
