

**EQACC SOLAR**

# **30kW Solar-Powered Container for Drilling Sites**

## Overview

---

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Which solar panels do you use?

We use the highest quality solar panels, including LG, Peimar, and Canadian Solar; these solar panels harvest the sun's power and stores the energy in high-quality lithium batteries, controlled with an external BMS. Then the power is distributed using Victron Multiplus units, so this inverter/charger can transfer the power.

## 30kW Solar-Powered Container for Drilling Sites

### 30kwh Battery Energy Storage

We provide professional Lithium Battery, Solar Energy Storage Systems, Containerized ESS, Solar Power System Homes, Commerical and Industrial use, Distributors also. Solar ...

### MOBIPOWER Battery Energy Storage Systems ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial ...

[Get Price](#)

1	PCS Module	6	OPV2 side circuit breaker
2	Battery room	7	High Volt Box
3	Grid side circuit breaker	8	BAT side circuit breaker
4	Load side circuit breaker	9	LCD display screen
5	OPV1 side circuit breaker	10	MPPT

### Solar Container , Large Mobile Solar Power ...

Why choose LZY's solar container power systems Our solar containers ensure fast deployment, scalability, customization, cost ...
