

EQACC SOLAR

**30kw high quality inverter
manufacturer in Monterrey
Mexico**

Overview

Who is Growatt inverter?

Growatt is a renewable energy manufacturer based in Shenzhen, China. Growatt itself has been in the world of renewable energy for more than 10 years, which was first established in 2011. Growatt provides a wide range of inverter products that can be applied to renewable energy systems at home to large-scale projects such as power plants.

Who is Jinko Solar?

Jinko Solar is a manufacturer based in Shanghai, China. Jinko Solar's products are well-known internationally and are widely used, including in Mexico. This manufacturer was first established in 2010 and currently distributes all its products to more than 200 countries.

How efficient are Jinko Solar inverters?

Jinko Solar's inverters are equipped with 3 MPPTs, 2 independent MPPTs, and 1 MPPT string that can help the inverter maximize its performance. In addition, the efficiency level of Jinko Solar's inverters is at a high level of more than 97% which can make the inverter work by minimizing large power losses during the conversion process.

Which inverter is best for solar panels?

KANNDAS Solar's most famous inverter product is its microinverters. KANNDAS microinverters have capacities ranging from 300W to 1200W, which can be customized according to the needs of the solar panels owned by the user. In addition, this microinverter can work well to reach the maximum voltage of solar panels at 240V.
