

**EQACC SOLAR**

# **4 2 kw solar inverter factory in Armenia**

## Overview

---

What is a 24V 4200w solar inverter?

Ideal for dynamic home energy systems and ensuring uninterrupted power wherever you live. The EASUN 24V 4200W solar inverter integrates solar input, grid power, and battery charging capabilities—offering seamless charging, stable power output, and reliable backup power. Easily create a complete and professional home energy system.

Does anern an-FGI solar inverter support battery input?

We will reply within 24 hours and provide professional service for you. Anern AN-FGI series DC to AC solar inverter is designed for off-grid solar power systems. This 4.2 kw solar inverter supports both 12V and 24V battery input, automatically detecting the battery system voltage upon startup.

What is a dual AC output hybrid solar inverter?

The 4.2kW Dual AC Output Hybrid Solar Inverter is engineered to optimize the efficiency and reliability of solar energy systems. Its robust design and cutting-edge technology provide seamless integration with both solar panels and the grid, ensuring uninterrupted power supply and enhanced energy efficiency.

Does a solar inverter support 12V and 24v battery input?

This model supports both 12V and 24V battery input, automatically detecting the battery system voltage upon startup. Based on the voltage level, this 4.2 kW solar inverter delivers different rated output power, ensuring optimized performance and energy efficiency.

## 4 2 kw solar inverter factory in Armenia

---

### 4.2 kW On Grid Solar Inverter

On grid solar inverters require both solar and grid power to operate efficiently. These inverters are generally eligible for subsidies of up to 78,000 from the central government.
