

EQACC SOLAR

40-foot mobile energy storage container for field operations

Overview

What is a 40ft containerized battery energy storage system?

AZE's 40Ft containerized battery energy storage system comes in scalable containerized modules ranging from tens of kWh to MWh energy capacities. The solutions offers plug-and-play features that allow rapid installation at low installation costs.

What is a 40 ft battery storage system?

Battery Storage System 40' Feet Container. Features and functions□ High Yield Advanced three-level technology, max. efficiency 99% Effective forced air cooling, 1.1 overload capacity, no derating up to 55°C□ Various charge and discharge mode, flexible for battery configuration Easy O&M.

Why choose a 40 ft storage container from national mobile storage?

When a larger, extended construction project demands maximum storage space, a 40 ft storage container from National Mobile Storage will exceed your expectations with durable construction, entry points on both sides, and smart security features. Customers also viewed . Need a Quote?
