

**EQACC SOLAR**

# **500kw site solar container battery container size**

## Overview

---

What is A 500KW Megatron battery storage system?

500kW MEGATRON - 20 foot Containerized Commercial Battery Energy Storage System designed to for On-Grid and Renewable Energy Projects.

How to choose a 500 kW / 1075 kWh containerized energy storage system?

When choosing a 500 kW / 1075 kWh containerized energy storage system, you need to consider your application scenarios, equipment performance, system security, scalability, vendor reputation and many other factors. Ensure that the system you choose can meet your long-term needs and provide adequate support and service guarantees.

What is a containerized energy storage system?

This containerized energy storage system not only integrates the most advanced technology, but also becomes the global leader in the field of energy storage with its excellent performance, efficient energy management and unparalleled reliability.

What voltages are available for a battery energy storage system?

All system systems are offered with either 400VAC or 480VAC 3 phase interconnect voltages. Each commercial and industrial battery energy storage system includes Lithium Iron Phosphate (LiFePO<sub>4</sub>) battery packs connected in high voltage DC configurations.
