

## EQACC SOLAR

# 60kWh Indian Solar Container

## Overview

---

What is a containerized solar PV system?

Powtech's Containerized Solar PV Solution utilizes innovative hybrid technology housed within a standard 20-ft marine container, delivering up to 10,000 kWh of energy annually. The system integrates solar panels positioned atop the container, boasting a power capacity range of 4 to 8 kWp, complemented by a reliable battery backup system.

What is a mobile solar container?

The mobile solar container range redefines on-site power by harnessing the sun's energy in an efficient and reliable way to maximize the solar yield. Hybrid performance with a generator or an Energy Storage System makes the ZSC mobile solar containers as part of a microgrid solution.

What is eco controller for energy management ZSC 100-400 mobile solar container?

ECO controller for energy management ZSC 100-400 mobile solar container in hybrid operation The ECO controller as the brain of the Atlas Copco Energy Storage Systems optimizes and controls energy management for optimal power distribution in a hybrid set up with the ZSC 100-400 or ZSC 50-200 mobile solar containers.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
