Overview

What's going on with energy storage in Ireland?

An artist's impression of the planned Ballynahone Energy Storage plant in Donegal. The proposed concept will be the first battery storage project of its kind in Europe. Bobby Smith, head of Energy Storage Ireland, highlights a critical need for clear policy and infrastructure development to ensure Ireland meets its renewable energy goals.

What is energy storage Ireland (ESI)?

1. Introduction Energy Storage Ireland (ESI) is a representative association of over 70 public and private sector organisations who are interested and active in the development of energy storage in Ireland and Northern Ireland.

What is energy storage Ireland 2025?

At Energy Storage Ireland 2025, the message was clear: energy storage is central to a stable, low-carbon grid, and while short-duration battery systems (BESS) are available, long-duration storage (LDES) supply is in its infancy, however ESI has a structure to enable LDES rollout in Ireland. The technology is advancing fast.

Which battery energy storage systems are available in Ireland?

The Kylemore Battery Energy Storage System in Dublin went into operation in 2023 and has the capability of providing 30MW of fast-acting storage. The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage.

60kWh Irish Energy Storage Container for Highways

Clarity on battery policy vital for Irish energy ...

Bobby Smith, head of Energy Storage Ireland, highlights a critical need for clear policy and infrastructure development to ensure ...

Government publishes Electricity Storage Policy Framework

The Department of Environment, Climate and Communications published the long-awaited Electricity Storage Policy Framework for Ireland on 4 July. This is the first national ...

Electricity Storage Policy Framework

The Electricity Storage Policy Framework presents 10 government actions to support the role of electricity storage systems in Ireland's energy transition, identifying the key ...

60kWh High Voltage Commercial Battery Energy Storage ...

614.4V 102Ah 60kWh Commercial Energy Storage Battery Supplier In response to the growing energy management needs of commercial and industrial (C& I), BSLBATT has ...

**2MW / 5MWh
Customizable**

Our Energy Storage Future

1 Executive Summary The use of energy storage is critical for the future security, reliability and operation of Ireland's power system. Energy storage technologies are a key ...

Government publishes Electricity Storage ...

The Department of Environment, Climate and Communications published the long-awaited Electricity Storage Policy Framework for ...

Energy Storage Practice in Ireland , EnergyPro

Our recent attendance at Energy Storage Ireland 2025 showcased a number of insights into the state of energy storage ...

Government outlines electricity storage future - Energy Ireland

The Electricity Storage Policy Framework 2024, prepared by the Department of the Environment, Climate and ...

Government outlines electricity storage future - Energy Ireland

The Electricity Storage Policy Framework 2024, prepared by the Department of the Environment, Climate and Communications (DECC), provides a roadmap for integrating ...

Battery Storage

The Poolbeg Battery Energy Storage System in Dublin went into operation in November 2023 and has the capability of providing 75MW of fast-acting energy storage. It is located at Poolbeg ...

Clarity on battery policy vital for Irish energy goals

Bobby Smith, head of Energy Storage Ireland, highlights a critical need for clear policy and infrastructure development to ensure Ireland meets its renewable energy goals.

Energy Storage Practice in Ireland , EnergyPro

Our recent attendance at Energy Storage Ireland 2025 showcased a number of insights into the state of energy storage processes in Ireland & where to go next.

Ireland's long-duration storage path is set: Four hours, high

EirGrid, the transmission system operator (TSO) for the Republic of Ireland, has launched a consultation outlining how it will procure its first long-

duration energy storage ...

Energy Storage Ireland Recommendations for ...

Energy Storage Ireland
Recommendations for Programme for
Government 1. Introduction Energy
Storage Ireland (ESI) is a representative
