

**EQACC SOLAR**

**A company that makes outdoor  
power supplies in Porto  
Portugal**

## Overview

---

Does Portugal have a power supply sector?

On a global scale, Portugal's power supply sector is part of the European Union's broader energy goals, emphasizing sustainability and energy independence. Engaging with local stakeholders and understanding market dynamics can enhance opportunities for collaboration and growth within the industry.

What type of power supply does soluparts offer?

Soluparts offers a single-phase power supply (SPD121201BN) with an input voltage of 90-264VAC and an output voltage of 12VDC, capable of delivering 10A and a total power of 120W. Powerchoice - Importação e Exportação Lda is a distributor in Portugal that represents a portfolio of quality and reliable products and services.

What does PowerEN do?

Poweren is an electronics development company that specializes in custom power solutions, including a range of power supplies and converters. They focus on delivering high-efficiency and reliable products for applications in energy management and power conversion.

Does Portugal have a green energy policy?

Portugal has made significant strides towards renewable energy, with wind and solar power being substantial components of its energy mix. Understanding the regulatory framework is essential, as the government supports green energy initiatives through various incentives and policies.
