Abu Dhabi Power Construction Energy Storage Power

Overview

Will Masdar & EWEC build a solar-plus-storage project in Abu Dhabi?

Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, the United Arab Emirates, with operations set to start by 2027. Emirati state-owned renewable investment company Masdar is partnering with EWEC to build a giant solar and battery energy storage (BESS) facility.

Why is UAE launching a solar power and battery storage project?

The launch of the solar power and battery storage project marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment.

Does EWEC have a large-scale solar project in Abu Dhabi?

EWEC has several large-scale solar projects in the region, including the 2 GW Al Dhafra solar project in Abu Dhabi. Earlier this month, it put out a request for proposals for 1.5 GW of solar.

What is EWEC doing in Abu Dhabi?

Located in Abu Dhabi, the project will feature a 5.2 gigawatt DC solar photovoltaic plant, coupled with a 19 gigawatt-hour battery energy storage system, setting a global benchmark in clean energy innovation. "In collaboration with EWEC and our partners, we will develop a renewable energy facility capable of providing clean energy round the clock.
