

EQACC SOLAR

Abu Dhabi Smart Photovoltaic Energy Storage Container 500kW Investment

Overview

Why is UAE launching a solar power and battery storage project?

The launch of the solar power and battery storage project marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment.

What is EWEC doing in Abu Dhabi?

Located in Abu Dhabi, the project will feature a 5.2 gigawatt DC solar photovoltaic plant, coupled with a 19 gigawatt-hour battery energy storage system, setting a global benchmark in clean energy innovation. "In collaboration with EWEC and our partners, we will develop a renewable energy facility capable of providing clean energy round the clock.

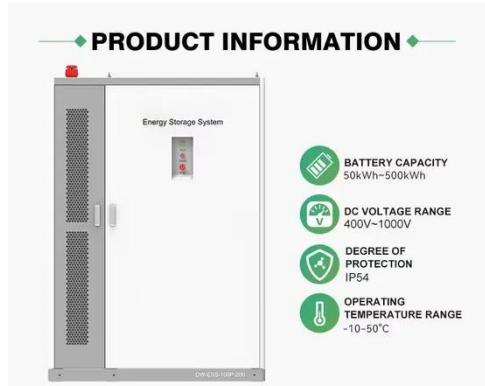

What is the largest solar energy storage system in the world?

Delivering up to 1 gigawatt of baseload power every day generated from renewable energy, the UAE's latest project will be the largest solar and battery energy storage system in the world.

How will the solar power and battery storage project impact the economy?

The record-breaking solar power and battery storage project will create over 10,000 new jobs, driving innovation and economic growth
