

EQACC SOLAR

Abu Dhabi Solar solar container communication station Factory

Overview

Why is UAE launching a solar power and battery storage project?

The launch of the solar power and battery storage project marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment.

Why is Abu Dhabi leading the charge for solar power battery storage?

Abu Dhabi is leading the charge for solar power battery storage as the biggest facility in the world is set to be built. Here's why that's a seriously cool thing.

What is UAE's first round-the-clock solar project?

UAE has launched the world's first large-scale round-the-clock project that will combine solar power and battery storage in Abu Dhabi. According to developer Masdar, the project will feature a 5.2 gigawatt (GW) solar photovoltaic plant, with a 19 gigawatt-hour (GWh) battery energy storage facility.

Who owns Abu Dhabi's solar power plant?

TAQA owns 40 percent of the project, Masdar owns 20 percent while the remaining partners, EDF Renewables and Jinko Power, own a 20 percent stake each. The plant will supply power to the procurer EWEC – following the Power Purchase Agreement (PPA) signed in 2020 - and will raise Abu Dhabi's solar power production capacity to 3.2GW.
