

EQACC SOLAR

Af solar inverter

Overview

Afore's CEC listed AF series three phase storage inverters deliver fast backup power, smart energy automation, battery compatibility, strong solar performance, giving Australian homes and businesses greater independence, lower bills. What is afore af20k-th hybrid solar inverter?

The Afore AF20K-TH hybrid solar inverter is a modern solution for efficiently utilizing solar energy in your power system. With 20 kW of power, three-phase connection, and two MPPT trackers, this device ensures stable power supply for homes and businesses.

Who makes afore solar inverters?

Afore is a well-known manufacturer of solar inverters, specializing in high-quality solutions for solar energy systems. The company has been active in the market for over 10 years and offers a wide range of inverters for residential, commercial, and industrial applications.

What is the power range of the afore AF Series 3 phase inverter?

The Afore AF series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 3.0kW to 15kW, compatible with high voltage (80-600V) batteries.

What is a fore AF Series 3 phase storage inverter?

The Afore AF Series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 36kW to 50kW, compatible with high voltage (150-800V) batteries.

Af solar inverter

Upgrade to Solar Storage with Afore AC Coupled Inverter

Upgrade your solar system without hassle using the Afore AC coupled inverter (3-12kW), perfect for three-phase systems and time-of-use optimization.

Optimize Solar with Afore AC

Coupled Inverter (1kW-6kW)

Upgrade your solar system with Afore AC Coupled Inverter (1kW-6kW)! Fits any setup, 97.6% efficiency, Wi-Fi monitoring, IP65 rated. No installation change needed.

 **Efficient
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

 **Intelligent
Simple O&M**

- IP65 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locates PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

 **Flexible
Abundant Configuration**

- Plug & Play, EPS Switching Under 30ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 Units Inverters Parallel
- AFD Function (Optional): when an arc fault is detected the inverter immediately stops operation
