

EQACC SOLAR

Amman solar Power Generation solar container energy storage system Manufacturer

Overview

What is a certified & registered company based in Amman?

FULLY CERTIFIED AND REGISTERED COMPANY BY JORDANIAN LOCAL AUTHORITIES. It is based in Amman , 2017, as part of business development plan to adapt with changing needs of world that requires new clean energy sources that maintain and save environment and reduce the negative effects of climate change by reducing the emissions and waste.

Why did Jordan develop a small Solar Utility?

We developed Jordan's first most price-competitive small solar utility along with keeping market needed requirements . Since then, we lowered levelized cost of energy through value engineering, operational research and efficient financial strategy to deliver cost-efficient energy for our customers.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Amman solar Power Generation solar container energy storage system
