## Overview

---

What is the smart lighting scheme at Amsterdam's hoekenrodeplein square?

Explore the smart lighting scheme at Amsterdam's Hoekenrodeplein square, featuring adaptive LED lights, sensors, and public WiFi to enhance safety and atmosphere.

Is Amsterdam experimenting with a smart lighting scheme?

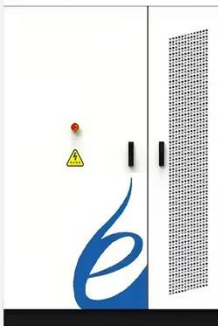

The City of Amsterdam is experimenting with a smart lighting scheme for the newly renovated Hoekenrodeplein square in Amsterdam's Zuidoost (southeast) district.

Why is luminext a new urban lighting system?

The problem arises when it comes to achieving a balance between lighting and the safety citizens who, for pleasure or necessity, walk through the streets at night. In order to solve these problems, Luminext has developed a new urban lighting system, which regulates its light intensity based on the needs of citizens.
