Ankara Solar Powered Water Pump

Overview

Do solar water pumps work in Andhra & Haryana?

In the budget 2017-18, the Andhra government has announced the distribution of solar pump sets to farmers at subsidized prices. And the Haryana government had offered a 90 percent subsidy to encourage solar water pumps among farmers. Read this: [Fish Hatchery Business. Do the Solar Pump Systems work in all the seasons?](#)

.

Are solar-powered water pumps eco-friendly?

Whether you are looking for the most environmentally friendly pumping solution on the market or want to give your garden a plus of beauty and elegance, a solar-powered water pump is what you should look for. It's 100% green, efficient and cheap! Each pump comes with its solar panel, and it's straightforward to install and use.

How to use a solar water pump?

The Sunbell Solar Water Pump is ideal for a garden patio or pond. It comes in with a 3 m long cable and 4 different nozzle heads. It's very easy to use- just immerse the pump under water, place the panel under full sunlight and it will start automatically. Besides, the beautiful waterfall will give your garden a unique, special look.
