Antananarivo 100W solar street light

Overview

What is 100W solar powered LED street?

100W Solar Powered LED Street adopts an all in one design, the solar panel, lithium battery, controller and LED street light are integrated, so the installation is very convenient and the price is very competitive. As a solar street light factory, MKLIGHTS can provide a complete set of solar street light system solutions, contact us if you need.

What are solar-powered street lights?

This series of solar-powered solar panel lights use a huge LED module, which increases the quantity of lamp beads for each LED module. Compared to conventional solar street lights, our enlarged solar-powered outdoor street lights can effectively increase the brightness by 10-20%. Mainstream integrated structure design, saving transportation costs.

What are an-SLZ solar street lights?

AN-SLZ series all-in-one solar street lights are Anern's latest patented integrated led solar street lights. This series of solar-powered solar panel lights use a huge LED module, which increases the quantity of lamp beads for each LED module.

What is anern 100 watt solar street light?

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic panels, converting sunlight into electricity to power its high-lumen LED lights.
