## Overview

---

Why is Trina storage growing in Asia Pacific?

“Our growing presence across APAC reflects not only strong market demand but growing recognition of Trina Storage's differentiated technology, delivery capabilities, and long-term reliability,” said Dr Leo Zhao, Head of Energy Storage at Trinasolar Asia Pacific.

Which countries are deploying a battery energy storage system (BESS) in 2025?

Spanning Australia, Japan, Southeast Asia and South Asia, these deployments represent a substantial contribution to 16 GWh of new Battery Energy Storage System (BESS) capacity projected to be added in APAC (excluding China) in 2025, according to BloombergNEF.

How many ESS projects are there?

Based on independent assurance provider DNV's global database of 4,210 ESS projects totalling 32GWh and publicly available information as of Janu for a comparable size utility-scale ESS (same or higher rating and same design). Based on the average household electricity consumption of a 4-room HDB household in 2019.
