

## EQACC SOLAR

# Australia's largest industrial battery cabinet manufacturer

*LiFePO<sub>4</sub> Battery, safety*

*Wide temperature: -20~55°C*

*Modular design, easy to expand*

*The heating function is optional*

*Intelligent BMS*

*Cycle Life: ≥ 6000*

*Warranty: 10 years*

## Overview

---

Who is industrial batteries Australia?

Industrial Batteries Australia is the largest 100% Australian owned and operated Company specialising in the supply and servicing of Electric Forklift Batteries, Forklift Battery Chargers, existing Battery Replacement and Battery Regeneration services.

Which Australian-made batteries are best?

Their Australian-made battery range includes: The flagship MPS 48-5.1 battery module represents the pinnacle of their advancements, offering outstanding performance tailored to Australia's challenging conditions. This LFP rack-mount battery module incorporates the latest cell technology and is suitable for both residential and commercial systems.

Are MPS batteries made in Australia?

Seeking to provide superior performance and reliability, MPS began manufacturing its own lithium battery solutions in 2019. Their Australian-made battery range includes: The flagship MPS 48-5.1 battery module represents the pinnacle of their advancements, offering outstanding performance tailored to Australia's challenging conditions.

What is a custom built Battery Cabinet?

AUS-POWER Batteries custom built battery cabinets are the ideal solution for those larger installations or anyone requiring a secure, professional and practical installation. The cabinets contain two lockable doors (front and back) and removable side panels for easy access.
