Australian Solar Container 50kW Supplier

Product Details

Overview

Is a 50kw solar power system right for your business?

If you're running a large warehouse, an office complex, or something else entirely a 50KW solar power system is big enough to meet the demands of most medium-large commercial operations across Australia. We have access to the most advanced Tier 1 solar technology in the business, offering high conversion efficiency and minimal maintenance costs.

What is a 50kw Solar System?

Our 50KW solar system solution is designed for the needs of Australian business owners: efficient, weather resistant, and capable of meeting your power demands on a daily basis. Arise Solar is 100% Australian owned and operated — and one of the country's leading solar providers for large commercial operators.

What is a solar container build?

It's a modified shipping container built to house solar panels, batteries, inverters, and other off-grid power systems. These units are ideal for powering remote sites, construction camps, emergency setups, or as a portable backup energy system. What's included in a solar container build?

.

Does a 50kw solar panel system come with a warranty?

Our 50KW solar panel system comes with a 25 year performance warranty, 10 year manufacturer's warranty, and 5 year warranty on workmanship (including installation). To find out if a 50KW solar panel system is right for your operation, give us a call on 1300 274 737 or get a quote now.
