Basseterre International Airport 5G Base Station Site

Overview

How big is the 5G base station market?

The 5G Base Station Market size was valued at USD 28.92 Billion in 2024 and the total 5G Base Station revenue is expected to grow at a CAGR of 37.2% from 2025 to 2032, reaching nearly USD 363.13 Billion. The global 5G Base Station market report is a comprehensive analysis of the industry, market, and key players.

Which countries dominated the 5G base station market in 2024?

Asia Pacific dominated the global 5G base station market in 2024. Suppliers of 5G base stations were benefited from the rapid development of 5G technology. Huawei, Ericsson, Nokia, ZTE, and Samsung are among the world's leading suppliers. In 2024, these five vendors control almost 96.12 % of the global market.

Who makes 5G base station equipment?

19. The top 5 telecom equipment providers for 5G base stations are Huawei, Ericsson, Nokia, ZTE, and Samsung. When it comes to 5G base station equipment, five companies dominate the market: Huawei, Ericsson, Nokia, ZTE, and Samsung. These firms provide the hardware and software needed to power the world's 5G networks.

Why are telecom companies installing indoor 5G base stations?

To solve this, telecom companies are installing indoor 5G base stations, which are growing at a compound annual growth rate (CAGR) of over 30%. For businesses operating in offices, malls, or large commercial spaces, installing indoor 5G solutions can greatly enhance connectivity.
