What is Boston Solar?

Boston Solar is the #1 residential solar company based in Massachusetts, with over 4,000 installations. They are proud to power Massachusetts, a state that continues to lead the nation in solar installations. Boston Solar provides superior products, exceptional customer service, and the highest quality workmanship.

Why should you choose Boston Solar for your residential installation?

When you choose Boston Solar for your residential solar installation, you're partnering with local experts who understand the unique challenges and opportunities of solar in Massachusetts. Our custom-designed systems are built to withstand harsh winters and maximize energy production year-round.

Is residential solar a smart investment for Massachusetts homeowners?

Residential solar is a smart investment for Massachusetts homeowners. It helps lower your carbon footprint, protect against rising utility costs, and increase your home's value. Let Boston Solar guide you towards energy independence and a brighter, more sustainable future.

Why choose residential solar in Massachusetts?

Residential solar in Massachusetts allows you to harness the power of the sun and take control of your energy future. Despite our New England weather, the Bay State is a prime location for solar energy, offering homeowners the opportunity to significantly reduce electricity costs while contributing to a cleaner environment.
