# **Brazil large energy storage cabinet cooperation model**

## Overview

---

Is Brazil ready for utility-scale energy storage?

“The demand for utility-scale energy storage in Brazil is poised to grow exponentially as the country continues its transition to renewable energy and strengthens its grid infrastructure,” said Marcelo Rodrigues, Sales & Innovation VP of UCB.

Will Brazil conduct the first energy storage auction?

Brazil is set to conduct the country's first-ever energy storage auction for adding batteries and storage systems to the national power grid.

Can UCB and Powin shape the future of Brazil's power sector?

With the upcoming LRCAP 2025 auction anticipated to drive significant investment in energy storage, UCB and Powin's strategic partnership is well-positioned to shape the future of Brazil's power sector.

Will Brazil's energy auction improve power grid reliability?

Interest in the auction has been expressed by power companies such as Portugal's EDP and Brazil's ISA Energia. The auction will enhance Brazil's power grid reliability by integrating energy storage solutions for electricity generated from renewable sources such as wind and solar. US Tariffs are shifting - will you react or anticipate?
