

EQACC SOLAR

# Canadian smart battery cabinet manufacturer

## Overview

---

Where is Canada's largest battery storage facility located?

Northland is currently building Oneida, Canada's largest battery storage facility. Located in Nanticoke, Ontario, the project uses 250,000 kilowatts of lithium-ion battery technology for a total energy storage capacity of 1 million kilowatt-hours.

What is Canada's battery storage capacity?

Over the same period, Canada's storage capacity is expected to grow from 124,102 kW to 296,318 kW. At this critical time in the energy transition, Canadian battery storage companies are playing an important role in improving the flexibility and reliability of the energy system and driving the widespread adoption of green energy.

Where can I buy battery charging cabinets?

Get your battery charging cabinets from the leading fabricator in the Pacific Northwest and Western Canada. Depend on Wesgar to eliminate supply chain delays and deliver quality cabinets—from small to extra-large. Our cabinets are safe, weather and fire-resistant, and designed for indoor and outdoor use.
