Canberra Power Station Energy Storage Project

Overview

Will a big battery power Canberra?

The government said the big battery project will be capable of responding rapidly to network constraints and will be able to store enough renewable energy to power one-third of Canberra for two hours during peak demand periods. The Williamsdale battery will be developed, built and operated by Macquarie Group offshoot Eku Energy.

Will a 250 MW / 500 MWh battery energy storage system 'future proof' Canberra?

The way has been cleared for construction to begin on a 250 MW / 500 MWh battery energy storage system that will help “future proof” the Australian Capital Territory’s energy supply by reducing the load on Canberra’s electricity network and increasing network reliability.

What is the Big Canberra battery project?

Installation is underway on behind-the-meter batteries at nine sites. The Big Canberra Battery project will deliver an ecosystem of batteries across the ACT to ensure that our electricity grid remains stable. The Big Canberra Battery project includes the installation of: installation of behind-the-meter batteries at nine government sites.

How many megawatts will a battery deliver in Canberra?

The Government says the battery will deliver at least 250 megawatts of power, enough stored renewable energy to supply one-third of Canberra for two hours during peak demand.

Canberra Power Station Energy Storage Project

Big clean energy delivery for Canberra

The ACT Government will receive a 50% share of the net revenue generated from the battery's participation in the National Electricity Market. "By investing in the Big Canberra ...

Powering Canberra's Future: The Role of Battery Energy Storage ...

Canberra, the heart of Australia's push toward renewable energy, is embracing the transformative potential of Battery Energy Storage Systems (BESS). These advanced systems ...

Canberra begins construction of battery energy storage system

"The construction of the Williamsdale Battery Energy Storage System is a significant milestone in the Act's journey toward a more sustainable future," said Act chief ...

Construction begins on ACT's Big Battery

Construction of the project will create approximately 200 jobs. ACT Chief Minister Andrew Barr said the construction of the Williamsdale ...

Canberra Energy Storage Reservoir Progress: Powering ...

Why the Canberra Energy Storage Project Is Making Headlines Australia's capital is stepping into the renewable energy spotlight with its ambitious Canberra energy storage reservoir project. ...

The Big Canberra Battery , Williamsdale Energy Storage ...

Ngunnawal country // CANberra, Australian Capital territory The Big Canberra Battery will be one of the largest in Australia -- able to power up to 23,400 homes with their ...

Macquarie's Eku gets green light for 500 ...

The way has been cleared for construction to begin on a 250 MW / 500 MWh battery energy storage system that

will help "future proof" ...

The Big Canberra Battery , Williamsdale ...

Ngunnawal country // CANberra,
Australian Capital territory The Big
Canberra Battery will be one of the
largest in Australia -- able to ...

Advancing Canberra's Energy Landscape with Community Battery Energy

With a \$1.5 million investment and
support from Evoenergy, Canberra's
electricity distribution network service
provider, the new project aims to bring
energy storage closer to ...

Canberra begins construction of battery ...

"The construction of the Williamsdale
Battery Energy Storage System is a
significant milestone in the Act's journey

toward a more ...

Construction begins on ACT's Big Battery

Construction of the project will create approximately 200 jobs. ACT Chief Minister Andrew Barr said the construction of the Williamsdale Battery Energy Storage System is a ...

Macquarie's Eku gets green light for 500 MWh Canberra big ...

The way has been cleared for construction to begin on a 250 MW / 500 MWh battery energy storage system that will help "future proof" the Australian Capital Territory's ...

Construction begins on ACT's 250 MW Williamsdale BESS

The Australian Capital Territory (ACT) government and Eku Energy have commenced construction of the Williamsdale Battery Energy Storage

System (BESS), a 250 ...

Advancing Canberra's Energy Landscape with ...

With a \$1.5 million investment and support from Evoenergy, Canberra's electricity distribution network service provider, the new ...

Big Canberra Battery - Williamsdale BESS

The large-scale battery energy storage system (BESS) will provide at least 250 megawatts (MW) of power. This is enough energy to power one-third of Canberra for two ...

Big clean energy delivery for Canberra

The ACT Government will receive a 50% share of the net revenue generated from the battery's participation in the National ...
