

**EQACC SOLAR**

# **Cape Town Solar Containerized High-Pressure Type**

## Overview

---

Does Cape Town High School have solar panels?

Cape Town High School is embarking on the installation of solar panels at our school! This project is a partnership between Cape Town High School and the Sun Exchange and Soventix companies. It has zero upfront costs for Cape Town High. The school only pays for the energy it consumes - that is much lower than the City of Cape Town.

What is solar & storage live Cape Town?

REGISTER FOR FREE Solar & Storage Live Cape Town offers you a unique opportunity to connect with a large and exceptionally senior audience. It provides meeting spaces, networking opportunities as well as sponsorship/exhibition opportunities to meet your companies specific marketing and business development needs.

What are VAC solar containerised solutions?

The VAC Solar containerised solutions include the required high voltage inverters, LiFePO4 batteries and MCCs (Motor Control Centres) complete with the AC and DC switch gear and protection i.e. circuit breakers, change over switches, fuse protection and SPDs (surge protection devices).

Who are VAC solar?

VAC Solar specialise in the design, development and construction of containerised solar PV plants. The deployment of containerised PV plants is a fast and convenient method of deploying a new system in remote locations where brick and mortar buildings are not available.
