## Overview

---

What is a standard GFCI breaker?

Standard breakers are found in single- and double-pole designs. GFCI breakers: Ground fault circuit interrupter (GFCI) breakers detect when there's a direct electrical connection between the live supply and the earth, usually because of a fault in an appliance or the wiring.

What kind of circuit breakers does Lowe's sell?

At Lowe's, we offer circuit breakers from top brands, such as Eaton circuit breakers and Cutler-Hammer circuit breakers. You can also find other types of circuit protection devices. Look for specialized products, such as arc-fault circuit interrupters (AFCIs).

What are Eaton BR ground fault current interrupters?

Eaton's BR Ground Fault Current Interrupters (GFCIs) provide superior safety over a standard electrical outlet in areas where electricity may come into contact with water. GFCIs are required in any application near water such as kitchen countertops, bathrooms, swimming pools, hot tubs, and outdoor receptacles.

What are the different types of circuit breakers?

There are three main types of circuit breakers offering different kinds of protection: Standard: These are the least complicated types of circuit breakers. They protect against circuit overloads and short circuits. Standard breakers are found in single- and double-pole designs.
