

EQACC SOLAR

China-Africa Energy Storage Charging Pile Equipment Company

Overview

Where do workers work for charging piles in China?

Employees work on a production line for charging piles in Huzhou, Zhejiang province, in June. [XIE SHANGGUO/FOR CHINA DAILY].

Are fast charging piles better for residential use?

Compared with charging piles for commercial use, those for residential use have relatively lower requirements for fast charging, said Li Chenghai, sales director of Wenzhou-based Huajia Electrical Equipment Co Ltd in Zhejiang.

Are homegrown charging piles for new energy vehicles a big deal?

[XIE SHANGGUO/FOR CHINA DAILY] Global interest in homegrown charging piles for new energy vehicles has ballooned as China cements its leading position in the global NEV market with exports set to almost double this year, experts and industry executives said.

Do charging piles need local certification?

Multiple charging interfaces and standards in different regions call for local certification in the first place, said Li Yang, general manager of the charging pile division of Shenzhen-based Kstar Science & Technology Co Ltd in Guangdong province.
