

EQACC SOLAR

China distribution switchgear in Greece

Overview

Who is custom built switchgear solutions?

In our long-term experience we have redefined a new benchmark for Customized Switchgear Solutions and our projects serve as a barometer for our profile in the Greek market. We design and manufacture custom built low and medium Voltage Switchgear using top quality Electrical Equipment from Established Suppliers.

Who is Doho electrical equipment & switchgear?

DOHO is one of the top electrical equipment and switchgear companies in the world, specializing in the production of low-voltage and medium-voltage switchgear as well as key components such as circuit breakers, relays, contactors, and protectors.

What is switchgear & how does it work?

Switchgear protects electrical equipment and circuits from damage caused by overcurrent, voltage spikes and other faults in the system. Our goal at DOHO is to be complete solutions provider for all your switchgear product needs.

What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.
