

# Copenhagen Energy Storage Plant Project

## Overview

---

Who will supply Copenhagen Energy's 132 MWh Everspring battery energy storage system?

Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will be supplied by Huawei Digital Power. Image: Huawei Digital Power. Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will source its technology from Huawei Digital Power.

How did Copenhagen Energy Invest in Everspring?

Copenhagen Energy reached a final investment decision (FID) on the Everspring portfolio earlier in 2025. In June, it secured financing for the two sites under an agreement with regional bank Ringkjøbing Landbobank. In July, Danish company Energrid was hired as the engineering, procurement, and construction (ECP) contractor for the projects.

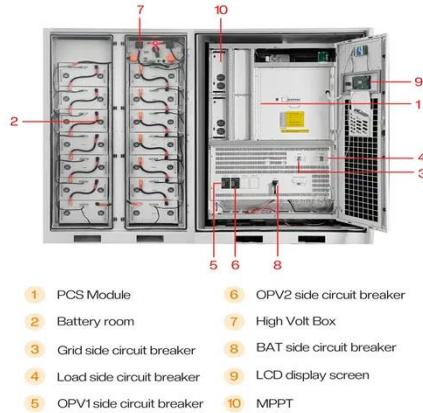

What will Copenhagen energy do in 2024?

Copenhagen Energy has been developing the projects since the start of 2024. It will now proceed work with the procurement of long-lead components such as batteries, inverters, and transformers, after which it will choose engineering, procurement and construction (EPC) contractors and key suppliers.

When will Copenhagen Energy be commissioned?

With construction works scheduled to begin late this year, the facilities are expected to be commissioned in the first half of 2026. Copenhagen Energy has been developing the projects since the start of 2024.

## Copenhagen Energy Storage Plant Project

### Copenhagen Energy selects Huawei tech for Danish battery ...

Danish renewable energy developer Copenhagen Energy has selected Chinese technology company Huawei to deliver the battery systems needed for a 132-MWh portfolio of ...

### Copenhagen Energy selects Huawei tech for ...

Danish renewable energy developer Copenhagen Energy has selected Chinese technology company Huawei to deliver the battery ...

### Copenhagen, Thy-Mors to develop solar-plus-storage project ...

Copenhagen Energy has partnered with Thy-Mors Energi to set up a 100MW PV and BESS project in Ballerum, about 370km from Copenhagen.

### Copenhagen Energy attracts partner in 100-MW Danish solar-storage ...

Danish renewable energy developer Copenhagen Energy has welcomed regional power distributor Thy-Mors Energi as a partner in a 100-MW solar-plus-storage project in the ...

### **Denmark: Better Energy to deploy first large ...**

Developer Better Energy is deploying its first major battery storage project, a 10MW/12MWh system, at one of its solar PV plants in ...

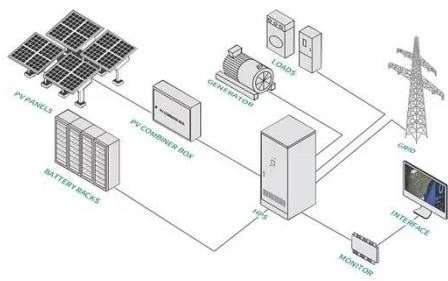

### **Huawei Digital Power to supply batteries for Denmark's ...**

Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will source its technology from Huawei Digital Power. This project is scheduled for grid ...

### **Copenhagen Energy picks EPC contractor for ...**

Danish renewable energy developer Copenhagen Energy has hired local company Energrid to build a portfolio of battery energy storage ...

## **Copenhagen Energy ready to install 156-MWh Danish BESS ...**

Danish renewable energy developer Copenhagen Energy has brought to the shovel-ready stage a portfolio of 156 MWh of battery energy storage system (BESS) projects ...

## **Copenhagen, Thy-Mors to develop solar-plus ...**

Copenhagen Energy has partnered with Thy-Mors Energi to set up a 100MW PV and BESS project in Ballerum, about 370km from ...

## **Storage**

Maturation When the project has secured the necessary permits and grid connection, it reaches ready-to-build status and enters the maturation phase. At this stage, we finalise the selection ...

## **Copenhagen Energy Partners with Thy-Mors for Solar Project**

Copenhagen Energy and Thy-Mors Energi join forces for a 100-MW solar-plus-storage project in Thisted, Denmark, driving local green growth and sustainable energy by 2028.

### **Final Investment Decision , Copenhagen Energy**

With a total storage capacity of 132 MWh, the projects now claim the (unofficial) title as Denmark's largest battery storage project to date. This is a milestone moment for our development team.

### **Copenhagen Energy ready to install 156 ...**

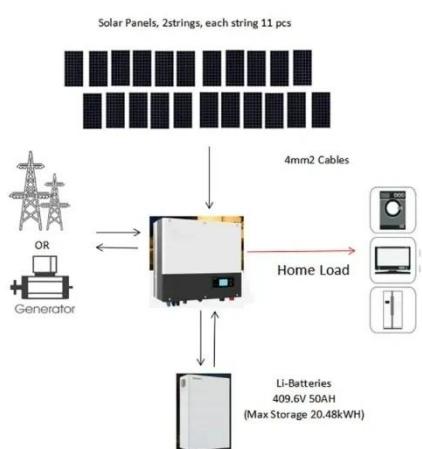

Danish renewable energy developer Copenhagen Energy has brought to the shovel-ready stage a portfolio of 156

MWh of battery ...

## Copenhagen Energy attracts partner in 100 ...

Danish renewable energy developer Copenhagen Energy has welcomed regional power distributor Thy-Mors Energi as a partner in a ...

## Huawei Digital Power to supply batteries for Denmark's largest BESS project

Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will source its technology from Huawei Digital Power. This project is scheduled for grid ...

## Denmark: Better Energy to deploy first large-scale battery project

Developer Better Energy is deploying its first major battery storage project, a 10MW/12MWh system, at one of its solar

PV plants in Denmark.

### **Copenhagen Energy picks EPC contractor for 132 MWh of ...**

Danish renewable energy developer Copenhagen Energy has hired local company Energrid to build a portfolio of battery energy storage projects with a combined capacity of 132 ...
