

**EQACC SOLAR**

# **Customized 100kW Folding Container in Australia**

## Overview

---

One of the most versatile and exciting services we offer is the ability to modify your shipping container into pretty much anything you desire. The more unusual, the more imaginative, the more we like it. Peopl.

Who makes a custom container conversion?

Enquire today to start your custom container conversion with the team of specialists at Containify. We are 100% Australian owned and all our custom container conversions are manufactured locally in Australia. Our quality assurance means that all of our modified shipping containers must pass Containify's QA process before delivery to your site.

Where are modified shipping containers made?

Our modified shipping containers are designed and built right here in Australia and are of the highest quality available. We have an extensive modified shipping container range and long list of shipping container accessories and customisations for your modified shipping container such air conditioning, windows, doors and more.

Why should you choose containify for your custom container conversions?

At Containify we believe it is very important to meet all promises made for your custom container conversions. Our modified shipping containers are designed and built right here in Australia and are of the highest quality available.

Who is container build group?

Container Build Group is an Australian owned and operated manufacturer of a wide range of container shipping units. Full custom options available Australia wide. Complete service from design consultation to fabrication and installation. The pioneering Australian manufacturer that first revolutionized the container building industry back in 2004.
