

EQACC SOLAR

Customized Folding Container Network in the United States

Overview

What is a multi-container custom home?

By customer demand, what started as primarily single-unit container homes has quickly grown to multi-container custom homes. Using a combination of stacked or adjoined 20ft and 40ft containers, we will create your dream home with features like full-sized kitchens, multiple bedrooms, and spacious living areas.

What is an expandable container house?

Expandable container homes are becoming popular in the US as they cost below 200 dollars per square feet and provide greener credentials. Made up of a mixture of steel and is recycled materials, these one-of-a-kind houses tend to be cost-efficient with time as well.

What are prefab homes & container offices?

Our prefab homes and container offices are highly durable and withstand extreme weather conditions. We made them from high-quality, reinforced materials to provide durability and security. These containers are ideal for both residential and commercial use in any climate.

Where can you deliver your container creations?

With large workshops in both Texas and Wisconsin, we can deliver our container creations anywhere in the country, ensuring compliance with local building regulations and zoning laws. Our homes are not only unique but also durable, being designed to withstand inclement weather and providing secure, low-maintenance living spaces.
