

**EQACC SOLAR**

# **Cylindrical solar container lithium battery 7 cm**

## Overview

---

What is a lithium battery energy storage system?

**Energy Storage System** A sophisticated lithium battery energy storage system with an expandable range of 100-500kWh can accommodate excess solar power for stable supply during night hours or cloudy conditions. Inverter.

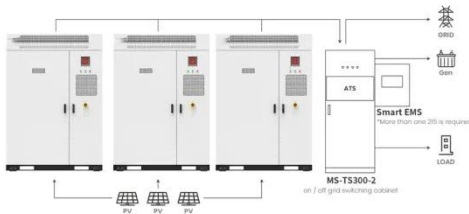

What is a mobile solar PV container?

**High-efficiency Mobile Solar PV Container** with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.
