Cyprus New Energy Storage Solution Announcement Conference

Overview

Is Cyprus facing a unique set of energy challenges?

In a keynote address to open a conference on energy storage and hydrogen in March, George Papanastasiou of the Ministry of Energy, Commerce and Industry (MECI) noted that Cyprus faces a “unique set of energy challenges, which require tailored solutions.”.

Who is organising the energy storage & hydrogen solutions Conference?

It is my great pleasure to address the esteemed participants of this very timely “Energy Storage and Hydrogen Solutions Conference,” extending, at the outset, my sincere appreciation and congratulations to Ideopsis Ltd for organising this event and to the British High Commission for their generous support.

How has Cyprus regulated energy storage facilities?

Secondly, we have initiated significant regulatory reforms. The Cyprus Energy Regulatory Authority (CERA) has instructed our system operators to amend their rules, allowing the participation of energy storage facilities in our electricity market since November 2024.

When will Cyprus' National Hydrogen strategy be open?

I am pleased to announce that on 28 th February 2025, we launched a public consultation on Cyprus’ National Hydrogen Strategy, which will remain open until 31 st March 2025. The draft strategy is available on the e-Consultation platform and on the Energy Service website.
