Democratic Republic of the Congo solar container lithium battery solar container battery

Overview

Can the Democratic Republic of the Congo produce lithium-ion battery cathode precursor materials?

London and Kinshasa, Novem- The Democratic Republic of the Congo (DRC) can leverage its abundant cobalt resources and hydroelectric power to become a low-cost and low-emissions producer of lithium-ion battery cathode precursor materials.

Does Zijin Mining have a lithium project in Congo?

Zijin Mining plans lithium production in Congo by 2026, leveraging one of the world's largest lithium deposits. Legal disputes between AVZ Minerals and the Congolese government complicate development of the Manono lithium project.

Does AVZ minerals have a dispute with the Congolese government?

Legal disputes between AVZ Minerals and the Congolese government complicate development of the Manono lithium project. Zijin targets long-term demand growth for lithium, betting on a recovery despite recent global price declines of up to 90%.
