# **Dublin solar Energy Storage Power Station**

## Overview

---

What is ESB's biggest battery storage plant in Ireland?

(EUR 1 = USD 1.078) Irish state-owned utility ESB on Wednesday opened a 75-MW/150-MWh battery energy storage plant, currently Ireland's largest, at its Poolbeg site in Dublin.

Does ESB have a battery plant in Dublin?

ESB has officially opened a major battery plant at its Poolbeg site in Dublin, which will store excess renewable energy for discharge when needed. It said the facility will add 75MW of fast-acting energy storage to help provide grid stability.

Does Ireland have a battery energy storage system?

Ireland's ESB has opened a battery energy storage system at its Poolbeg site in Dublin. Operational since November, the battery plant is capable of providing 75 MW of energy for two hours to Ireland's electricity system. It features high-capacity batteries that store excess renewable energy for discharge when required.

How much energy will ESB provide to Ireland's Electricity System?

Image: Fennell Photography Operational since November last year, the project has the capacity to provide 75MW of energy to Ireland's electricity system for around two hours. ESB, the state-owned electricity company, has announced the opening of a major battery plant at its site in Poolbeg, Dublin.
