

EQACC SOLAR

EK solar module project in Ho Chi Minh Vietnam

Overview

Is Samsung Electronics HCMC CE complex just an energy project?

Choonki KWON, President of Samsung Electronics HCMC CE Complex said: “ We do not consider this as just an energy project. This is the beginning of a comprehensive transformation phase, where technology serves not only operational efficiency, but also the sustainable development of people and society.

Is solar energy the right choice for Vietnam?

“Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites,” she adds. Vietnam's transition to renewable energy comes as the country's electricity needs continue to increase due to strong economic growth projected at 5-7% per annum over the coming years.

Where is Trina Solar based?

Ho Chi Minh (08 May 2024) - Trina Solar, a global leader in smart PV and energy storage solutions, has been steadily ramping up production at its manufacturing facility in northern Vietnam, demonstrating its commitment to the local market.

Which solar projects are powered by Trina Solar?

Some of Vietnam's largest utility-scale as well as commercial and industrial (C&I) solar projects are powered by Trina Solar modules.
