Eritrea Outdoor solar container battery Plant

Overview

What are the benefits of building a solar plant in Eritrea?

Building a solar plant in Eritrea contributes to the nation's energy independence and supports its commitment to renewable energy development. This initiative also aims to address the energy needs of Eritrea while promoting sustainability and reducing carbon emissions.

What is the Dekemhare 30MW Solar PV Project?

The Dekemhare 30MW Solar PV Project is expected to contribute to Eritrea's sustainable development goals and enhance its energy security. The Ministry of Energy and Mines looks forward to its successful implementation.

What is the capacity of the Dekemhare solar PV project?

The Dekemhare 30MW Solar PV Project will have a capacity of 30MW and will contribute to Eritrea's sustainable development goals and enhance its energy security.
