

EQACC SOLAR

Estonian rooftop solar panel production company

Overview

What is Solarstone doing in Estonia?

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month.

Is Estonia a good country for solar power?

Meanwhile, the Estonian solar industry is also on the rise. Estonia is becoming a leader in per capita solar power production and has set the ambitious goal of being fully green-powered by 2030. Estonia ranks 6th among EU members in solar power per capita, with 596 watt per capita in 2022, up from 405 in 2021.

How much solar power does Estonia have per capita?

Estonia ranks 6th among EU members in solar power per capita, with 596 watt per capita in 2022, up from 405 in 2021. Interested in investing in Estonia?

.

Who makes Solarstone solar panels?

The new factory is backed by investments from Estonian-based companies Sunly and Biofuel. The Solarstone product goes beyond a standard rooftop solar panel. Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity.
