Overview

Who makes hobersal furnaces?

HOBERSAL, a prominent manufacturer since 1946, specializes in high-temperature heating solutions, offering a variety of industrial furnaces, including muffle and tube furnaces that reach up to 2000°C.

What is a furnace service?

Servicing your furnace is a preventative heating service that involves a thorough inspection and general tune-up of your system. A furnace tune-up (servicing) involves checking all the system's essential components and adjusting, cleaning, testing, and/or lubricating them as is required.

Who is fycal heating?

FYCAL specializes in heating solutions, offering a wide range of products and services, including water heating installation. Their commitment to innovation and sustainable technologies makes them a key player in the heating industry. Looking for more accurate results?
