

## EQACC SOLAR

# Feather-thin solar container outdoor power

## Overview

---

What is a solarcontainer?

The Solarcontainer is a mobile system that can be used for both on- and off-grid purposes, including rescue missions and gatherings. The foldable photovoltaic panels are tucked inside a mobile solar container. The mobile solar container can take up to five hours to assemble and make it operational.

What is a mobile solar container?

The Austrian energy company SolarCont has developed a mobile solar container that stores foldable photovoltaic panels for portable green energy anywhere.

What is a container mobile foldable solar panel?

The container mobile foldable solar panel is suitable for a variety of scenarios due to its flexibility and portability, including: Power supply in remote areas, such as islands, mountains, grasslands, etc.; Power support for temporary facilities, such as construction sites, event venues, military camps, etc.;

How does a Meox 20ft mobile solar container work?

Meox 20ft mobile solar container stores foldable solar panels, providing a convenient way to generate green electricity on the go. When needed, the container is transported to its destination, and the foldable panels are easily unfolded using a rail system that slides them out from the container.

## Feather-thin solar container outdoor power

---

### Solar Container , Large Mobile Solar Power ...

Professional mobile solar container solutions with 20-200kWp solar arrays for mining, construction and off-grid applications.
