

EQACC SOLAR

Full set of industrial and commercial energy storage cabinets

Overview

Who makes energy storage cabinets & battery cells?

As a professional manufacturer in China, produces both energy storage cabinets and battery cell in-house, ensuring full quality control across the entire production process. Our Industrial and Commercial BESS offer scalable, reliable, and cost-effective energy solutions for large-scale operations. 1.

What is lihub all-in-one energy storage system?

LiHub All-in-One Industrial and Commercial Energy Storage System is a beautifully designed, turn-key solution energy storage system. Within the IP54 protected cabinet consists of built-in energy storage batteries, PCS inverter, BMS, air-conditioning units, and double layer fire protection system.

What is energy storage system?

All-in-one, high-performance energy storage system for various industrial and commercial applications. Highly suitable for all kinds of outdoor applications such as EV charging stations, industrial parks, commercial areas, housing communities, micro-grids, solar farms, and more.

What is a lihub energy storage system?

The LiHub has a standard one-cabinet-one-system design, each system is completely independently controlled. Multiple cabinets can be connected in parallel to expand the size of the energy storage system, enabling flexible configurations. All-in-one, high-performance energy storage system for various industrial and commercial applications.
