Overview

What is a solar water pump?

LORENTZ Solar Water Pumps deliver water to people, livestock and crops using the power of the sun. Simply Sun. Water. Life. As a company dedicated to solar water pumping, all of our products are designed to be highly reliable and very efficient. LORENTZ - The Solar Water Pumping Company.

Which solar water pumping system is the most efficient?

LORENTZ systems will run cooler, need less PV modules and pump water when others will not. Others claim to be the most efficient, LORENTZ really are the most efficient. We understand solar water pumping applications and build products that make delivering projects on-time and on-budget easy.

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.

Why do you need a solar water pump?

LORENTZ - The Solar Water Pumping Company Enjoy the feeling you have when you know your water supply is safe and secure. You know, because your water levels and storage tanks are measured and managed with LORENTZ solar water pumping solutions. LORENTZ Solar Water Pumps deliver water to people, livestock and crops using the power of the sun.
